

# LIFE APPLICATION QUESTIONS

1. If baptism doesn't save us, why get baptized at all?
2. When, why, and how were you baptized? What impact does recalling your baptism have on your life? What might keep people from getting baptized?
3. What is the significance of baptism? What are some of the rich spiritual truths about our identity to which baptism points?
4. What are the practical implications of being united through faith with Christ in His death and resurrection (a spiritual reality which baptism pictures)?
